Title: Description of Materials

OMB Control Number: 2900-0788

Type of Review: Extension of a currently approved collection.

Abstract: VA Form 26-1852 is completed by builders in Specially Adapted Housing (SAH) projects involving construction as authorized under Title 38, U.S.C., section 2101 (a), section 2101 (b), and the Temporary Residence Adaptations (TRA) grant under Title 38, U.S.C., section 2102A. This form is also completed by builders who propose to construct homes to be purchased by veterans using their VA home loan benefit as granted in Title 38 U.S.C., section 3710(a)(1). SAH field staff review the data furnished on the form for completeness and it is essential to determine the acceptability of the construction materials to be used. In cases of new home construction, a technically qualified individual, not VA staff, is required to review the list of materials and certify they meet or exceed general residential construction material requirements, as specified by the International Residential Code and residential building codes adopted by local building authorities, and are in substantial conformity with VA Minimum Property requirements.
